

Extended Care Health Option

Providing services for active duty family members with special needs

The TRICARE® Extended Care Health Option (ECHO) provides supplemental services to active duty family members (ADFM) with qualifying mental or physical disabilities. ECHO offers integrated services and supplies beyond those offered by the basic TRICARE health benefits program.

Active duty sponsors with family members seeking ECHO services must enroll in their service's Exceptional Family Member Program (EFMP) (*unless waived in specific situations*) and register for ECHO with their regional contractors or TRICARE Area Office (TAO) director overseas to be eligible for ECHO benefits. There is no retroactive registration for the ECHO program. Prior authorization must be obtained from the regional contractor or TAO director overseas for all ECHO services. For more information about EFMP, contact your service branch's EFMP representative or visit <http://www.militaryonesource.mil/efmp>.
